2. We need clarification about deliverables in comparing with Grant Activities description – do we need to produce video for training or video training script as stated In the Grant Activities part, under point 4, page 4 (*Develop a video training script.*)

The potential applicant will need to provide a video training script. The full video of the training is expected to be produced as one of the deliverables by the grantee who is awarded a grant.

3. Should we submit the budget narrative as a separate annex or can it be incorporated into the application form under item 10?

You can complete the budget narrative in the first sheet of the Budget form excel document entitled "Budget Instructions".

4. Can we submit the action plan in the form of a separate annex?

Yes.

5. If we are forming consortia, how participants should be presented – with short description of the company/experts or in the same way as applicant (leading organization)?

The Lead Applicant must complete the full project proposal as per the Application form. If the Applicant has a partner / consortium member, the Applicant should present that organization in the application with its background information, track record, as well as describe the nature of your partnership and division of tasks in relation to the project proposal. Should the partner propose its own key experts, their CVs should also be attached along with the Applicant's CVs.
